Shaped for Ministry

This class deals with the way in which God has called and molded each Christian for service in His Kingdom. Participants will explore five areas which God uses to prepare every Believer for ministry: Spiritual Gifts; Heart; Abilities, Personality, and Life Experience. By the end of the classes participants will have a very clear perception about their unique place in the Body of Christ, which God has prepared for them in ministry.

Participants will graduate from this class with a well-planned strategy to financial control of their lives the way God intended. This is a 11-week course.
